

DEPARTMENT OF CHEMISTRY MINORS

Required courses for a Minor in Chemistry

General Chemistry I and II (1410, 1420; and labs 1430, 1440)

or **Honors General Chemistry I and II** (CHEM 1413, 1423; and labs 1430, 1140)

Organic Chemistry I and II (CHEM 2370, 2380 and labs 3210, 3220)

Choice one:

Quantitative Analysis (CHEM 3451 and 3452)

or

Physical Chemistry for Life Sciences (CHEM 3530)

or

Medical Chemistry (CHEM 4670) plus **one additional advanced hour of Chemistry**

or

Biochemistry (BIOC 3621 and lab 3622)

Required courses for a Minor for Chemical Technicians

Completion of this minor satisfies course requirements for certification as a “Certified Chemical Technician” by the American Institute of Chemists:

General Chemistry I and II (1410, 1420; and labs 1430, 1440)

or **Honors General Chemistry I and II** (CHEM 1413, 1423; and labs 1430, 1140)

Organic Chemistry I and II (CHEM 2370, 2380 and labs 3210, 3220)

Choice one:

Quantitative Analysis (CHEM 3451 and 3452)

or

Instrumental Analysis (CHEM 4631 and lab 4632)
